

Individual Narrative of Leverich⁴ Wright [13] Possible son of Mary³ Leverich [6] and Job Wright

Leverich Wright¹ was born circa 1709, probably at Newtown, Queens Co, New York. If Leverich Wright was age 21 when he married in 1730, then he was likely born about 1709. Leverich Wright may have been a son of Mary Leverich and Job Wright of Newtown. There is no direct evidence to support this premise. However, the use of "Leverich" as his given name would suggest this possibility. Job and Mary Wright were married before 1706.² Leverich Wright married Martha Phillips on 10 Aug 1730 at Grace Church at Jamaica, Queens Co, New York.³ The transcribed marriage record provides his given name as "Leveridge". No further information regarding this couple has been found.
